If you received Massachusetts source income before moving into or after moving out of Massachusetts, you may have to file a Form 1-NR/PY as a part-year resident and as a nonresident. If your gross income exceeded \$8,000 for the year, you must file as both a nonresident and a part-year resident.

This worksheet is to be used to adjust income, deductions, exemptions and the Earned Income Credit for taxpayers who were part-year Massachusetts residents **and** also received Massachusetts source income while a nonresident. Married taxpayers filing separate Massachusetts income tax returns must complete separate worksheets.
